Autumn 2017 Newsletter Is In the Mail!

If you've been following us on Facebook or checking the TRCMaine site out, you know that the volunteers at the Parish House Museum have been very busy. We have wrapped up several projects this fall and have closed the museum for the winter.

1. We have a new heat pump installed. The purpose of this was NOT to be able to heat the building through the winter, but just to extend our season and allow our volunteers more time to....volunteer!
2. More Than a Train Yard and a Whistle Stop: The Canadian Pacific Railway in Brownville Junction has been a **SUCCESS!!!** We have sold the first 200 books ordered and have 50 more on hand! **Get your now or buy one (or more!) for Christmas giving!!!** You can pick one up at Simple Sacks or contact Susan at 965-8070.
3. We entertained visitors from Wales and from the Netherlands this summer and fall.
4. Work will continue on several "at home" projects through the winter months.

If you are not a member of the historical society, you can join for \$5 annually. Just send dues to the address above. Then you can read the details of the articles above along with an article about Gerrish's Store in Brownville Village from an old Bangor Daily News report.

The Society's membership is over 50 members! If you want to know more about the community you live in or if you lived here and have moved away, you can continue to support Brownville and the Junction and the history of those communities by joining the Historical Society and....if you are so led, by volunteering a few hours a week or a month next summer!

This is our last newsletter for 2017. It's been a *GREAT* year!
